

Table 1: Our country's dependence on energy imports as a problem
 Do you view our country's dependence on energy imports, such as gas, oil, coal and uranium imports, from outside of Europe
 (in Germany, France, UK and Italy) / from outside our country (in Japan, the US and Canada) as a problem?

	Country						
	Germany	UK	France	Italy	USA	Canada	Japan
Base (=100%)	1000 %	1050 %	1051 %	1050 %	1050 %	1024 %	1021 %
yes	69	61	71	84	79	60	74
no	31	39	29	16	21	40	26
Sum	100	100	100	100	100	100	100

Fieldwork: 22.05.-27.05.2014

Table 2: Energy solutions political leaders should prioritize in order to reduce dependence on foreign sources of energy
 In order to reduce dependence on foreign sources of energy, which energy solutions should political leaders prioritize?

	Country						
	Germany	UK	France	Italy	USA	Canada	Japan
Base (=100%)	1000 %	1050 %	1051 %	1050 %	1050 %	1024 %	1021 %
renewable energy and energy efficiency	83	79	83	91	71	85	87
conventional technologies, such as lignite, coal, oil, gas and nuclear energy	17	21	17	9	29	15	13
Sum	100	100	100	100	100	100	100
